Nightmare?***

Introducing The Box

Over-Car-Bonnet Self Storage System that is:

- Lightweight Aluminium Construction
- Aesthetically appealing
- Secure/lockable
- Weather proof
- Vermin proof
- 3.1 cubic metres of space storage solution
- Height adjustable

Advantages for the Owners

The Box provides additional storage space. This **OUT'ASPACE Storage Solution** is suitable for storage of:

- Golf clubs
- Bikes
- Tools
- Sporting equipment
- Suitcases
- Toys
- Utensils
- Wine collection
- Document boxes etc

Features and Benefits

Size

Designed specifically to fit into a car-parking spot, providing 3 cubic metres of storage space.

Load

Engineered to carry loads up to 350kg.

Accessibility

Installed in a central area (not at an off-site facility). The door is the width of the box providing easy access. With the legs set at the highest height, the base of the box is no more than 1.3m from the ground.

Long lasting

Manufacture is of the highest standard using quality materials. As well as being practical, installation will enhance the look of the garage facilities.

Security

The Box is lockable

Transportable

Should the owner relocate, **The Box** can be easily removed and re-installed at the new location.
